HELP FOR BLUE LINE RIDERS

Assembly Connect (AC) wants to ensure you have commuting options that are as convenient and affordable as possible during this time. Here are some alternative choices to transit that may save you time during the closures.

AC's Carpool Programs for Blue Line Riders

Assembly Connect will offer Assembly employees and residents (who currently use the Blue Line) a **\$75 gas gift card** per group, per month for carpooling during the year.

Groups that travel at least eight times per month are eligible to receive the gas card and can participate up to three months. Each group member must log each trip on Tripconnect to be eligible for the gas card.

AC's Biking Programs

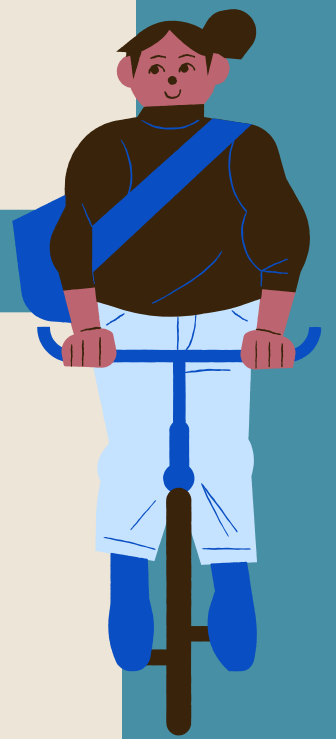

Assembly employees & residents who live/work in a Bluebikes service area are eligible to receive a **FREE annual membership** (normally \$133.50)!

Discounted memberships of \$73.50 are also offered to Assembly employees & residents who live/work outside a Bluebikes service area.

Assembly Bluebikes stations are located at the corner of Grand Union Blvd and Foley St. and by the Assembly T Station. Visit this link to find other nearby Bluebikes stations: <https://member.bluebikes.com/map>
