

Assembly Connect MBTA Residential Pass Program Guidelines

- NEW residents of Assembly residential buildings (Alloy, Alta Revolution, AVA, Avalon, Miscela, and Montaje) are eligible for the Assembly Connect MBTA Residential Pass Program.
- Assembly Connect will provide eligible participants with a free MTBA Link pass to use on the bus and subway for two months.
- MBTA passes will be distributed prior to the 1st of each start month.
- Participants must register via TripConnect and agree to log their trips taken to and from Assembly Square on the TripConnect "Dashboard" page. In order to be eligible for your next month's pass, you must have logged trips for the month prior.
- Residents may enroll on TripConnect at any time during the month to begin the program for the next month. However, if the program is at capacity, participants will be added to a waiting list and contacted once a spot becomes available.
- If a participant terminates their lease/contract with their Assembly Residential Building during their program period, the participant must notify Assembly Connect ASAP. Once a participant is no longer a resident at Assembly Square, their MBTA pass will be void and will no longer be active.
- If a participant loses their MBTA pass, please notify Assembly Connect to provide a replacement pass.
- Assembly Connect reserves the right to verify your eligibility with your residential property management.
- Assembly Connect reserves the right to limit the number of participants in the program and make changes to the program at any time.
- Those who have participated in the MBTA Residential Pass Program and who have received two months of subsidies from Assembly Connect, are not eligible to re-enroll.

CHECK BOX

I have read and agree to the program guidelines. I understand that any misuse of the rules of the Assembly Connect MBTA Residential Pass Program will result in the termination of my participation.
